

FidRid — Terms of Use

Version 1.0 — effective 21 September 2026

1. General

- 1.1. These Terms of Use (the “Terms”) govern your use of the **FidRid** mobile application for iOS (the “App”).
- 1.2. The App is provided by **Valentin Smolin**, an individual (the “Developer”).
- 1.3. By installing, launching or otherwise using the App, you (the “User”) confirm that you have read these Terms in full, accept them and agree to comply with them. If you do not agree, do not use the App and delete it from your device.
- 1.4. The App is provided free of charge. It contains no advertising, no in-app purchases and no subscriptions.
- 1.5. These Terms apply together with the Privacy Policy and the Consent to Personal Data Processing, which form an integral part of them.

2. What the App does

- 2.1. FidRid is an **unofficial Telegram client** that lets you read the public channels you already subscribe to as a separate, social-media-style feed.
- 2.2. Main features:
 - displaying posts from channels you select as a feed;
 - grouping channels into filters and folders;
 - independent (in-app) read states for posts;
 - bulk muting and archiving of channels using Telegram’s own native functions;
 - saving posts to favourites, forwarding posts, saving media to the device gallery;
 - push notifications (subject to your permission).
- 2.3. The App is not a messenger and is not intended for private correspondence. Private chats and groups are not shown in the feed.
- 2.4. The App is not a medical, financial, educational or other specialised product and provides no advice of any kind.

3. Relationship with Telegram

- 3.1. The App is **not a product of** Telegram Messenger Inc., Telegram FZ-LLC or any of their affiliates, and is not endorsed, certified or supported by them. The Developer has no partnership or other affiliation with the owner of Telegram.
- 3.2. “Telegram” and related marks are trademarks of their respective owners. Their use in the App and on its website is purely descriptive and indicates compatibility.
- 3.3. The App connects to Telegram services through the official Telegram API on the terms set by the rights holder for third-party clients.
- 3.4. Using the App does not release you from complying with the Telegram Terms of Service and other rules of the rights holder. Any action you take in your Telegram account through the App is also governed by those rules.
- 3.5. The Developer does not control Telegram services and is not responsible for their availability, modification, restriction or discontinuation, nor for any decision the owner of Telegram takes regarding your account.

4. Authentication and account access

- 4.1. The App requires you to sign in to your Telegram account: phone number, one-time confirmation code and, if two-factor authentication is enabled, your cloud password.
- 4.2. Authentication data is transmitted **directly to Telegram servers** over a secure protocol. It is not stored by the Developer and is not sent to any server operated by the Developer. The Developer operates no server infrastructure for storing user data.
- 4.3. A successful sign-in produces a session key that is stored **locally on your device only**, in the secure iOS storage.
- 4.4. The App performs only those actions in your account that you initiate yourself: reading posts, marking posts as read, changing notification settings, archiving chats, forwarding posts.
- 4.5. The App does **not** send bulk or automated messages, does not subscribe you to channels, does not join groups, does not post or send messages on your behalf without your explicit instruction, and does not collect or upload your contact list.
- 4.6. You may terminate the session at any time — in the App settings or in the official Telegram client under active sessions (devices).

5. Acceptable use

- 5.1. You must not use the App to:
 - send spam or bulk or automated messages;
 - scrape channel content for automated collection or commercial redistribution;
 - circumvent restrictions imposed by the owner of Telegram or by applicable law;
 - take any action that infringes third-party rights or applicable law.

5.2. You must not decompile, disassemble or modify the App, or distribute modified copies of it, except where expressly permitted by mandatory law.

5.3. The Developer may restrict access to the App where a breach of this section is identified.

6. Provided “as is”

6.1. The App is provided **“as is”** and **“as available”**, without warranties of any kind, express or implied, including but not limited to implied warranties of merchantability, fitness for a particular purpose and non-infringement.

6.2. The Developer does not warrant uninterrupted or error-free operation, compatibility with every device or iOS version, preservation of local data, or the completeness and timeliness of the posts displayed.

6.3. The App may contain errors. The Developer makes reasonable efforts to fix them but gives no undertaking as to timescales.

7. Limitation of liability

7.1. You use the App at your own discretion and risk and are solely responsible for your own actions and decisions.

7.2. To the maximum extent permitted by applicable law, the Developer is not liable for:

- restriction, suspension or loss of access to your Telegram account;
- loss, corruption or unavailability of the App’s local data;
- consequences of any change to or discontinuation of the Telegram API;
- acts of third parties, including channel authors and administrators;
- loss of profit or any indirect, incidental or consequential damages.

7.3. Nothing in these Terms excludes or limits liability that cannot be excluded or limited under the mandatory law applicable to you, including consumer protection law and liability for death or personal injury caused by negligence, fraud or fraudulent misrepresentation.

8. Channel content

8.1. The App displays content created by third parties. The Developer is not its author, does not moderate it and is not responsible for its content, accuracy or lawfulness.

8.2. Complaints about channel content should be submitted to the owner of Telegram through its own procedures.

9. Intellectual property

9.1. All rights in the App, its interface, design and visual elements belong to the Developer.

9.2. You are granted a limited, non-exclusive, non-transferable, revocable licence to use the App for personal, non-commercial purposes on devices that you own or control, for the term of these Terms.

10. Apple App Store

10.1. These Terms are concluded between you and the Developer only, not with Apple Inc. (“Apple”). The Developer, not Apple, is solely responsible for the App and its content.

10.2. Apple has no obligation to provide any maintenance or support services for the App.

10.3. In the event of any failure of the App to conform to any applicable warranty, you may notify Apple, and Apple will refund the purchase price (if any). To the maximum extent permitted by law, Apple has no other warranty obligation with respect to the App.

10.4. The Developer, not Apple, is responsible for addressing any claims relating to the App, including product liability claims, claims that the App fails to conform to legal or regulatory requirements, and claims arising under consumer protection or similar legislation.

10.5. The Developer, not Apple, is responsible for the investigation, defence, settlement and discharge of any third-party claim that the App infringes intellectual property rights.

10.6. You represent that you are not located in a country subject to a U.S. Government embargo or designated as a “terrorist supporting” country, and that you are not listed on any U.S. Government list of prohibited or restricted parties.

10.7. Apple and its subsidiaries are third-party beneficiaries of these Terms and, upon your acceptance, will have the right to enforce these Terms against you.

11. Age requirement

11.1. The App is intended for users aged **16 or over**. Where the law of your country of residence or the Telegram rules set a higher age threshold, the higher threshold applies.

12. Changes and termination

12.1. The Developer may amend these Terms. A new version takes effect when published on the App’s website or otherwise made available to you.

12.2. Continued use of the App after a new version takes effect constitutes acceptance of the changes.

12.3. The Developer may discontinue support and distribution of the App, giving reasonable notice.

12.4. You may stop using the App at any time by deleting it from your device and terminating the session in your Telegram settings.

13. Governing law and disputes

13.1. These Terms are governed by the laws of the Russian Federation.

13.2. If you use the App as a consumer, this choice of law does not deprive you of the protection of the mandatory provisions of the law of your country of habitual residence, and you may bring proceedings before the courts of that country.

13.3. The parties will attempt to resolve disputes amicably. The response period for a written claim is 30 calendar days from receipt.

14. Contact
